

INTELLIGENT TRAFFIC AND PARKING SOLUTIONS

ENGINEERING COMPREHENSIVE TRAFFIC SOLUTIONS THAT IMPROVE MOBILITY AND SAFETY FOR ALL ROAD USERS.

TAPCO manufactures, services and distributes a complete portfolio of innovative products for the traffic and parking industry. As a family owned and operated business since 1956, we are proud to partner with traffic and parking professionals in all 50 states to solve safety challenges.

INTELLIGENT WARNING SYSTEMS

PEDESTRIAN CROSSWALK

WRONG-WAY ALERT

CURVE WARNING

SPEED AWARENESS

OVERHEIGHT WARNING

SCHOOL ZONE WARNING

HIGH WATER WARNING

INTERSECTION CONFLICT WARNING

CONNECTED VEHICLE INTERFACE (CVI)

Connected Vehicle Interface units communicate with commonly installed Road Side Units (RSU) to relay system activation data via Dedicated Short-Range Communication (DSRC) or cellular networks to connected vehicles, providing drivers with instant in-vehicle alerts.

SMART CITY SOFTWARE | BLINKLINK® POWERED BY TAPCO

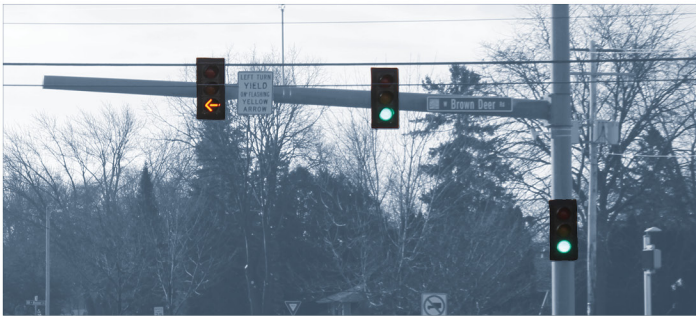

BlinkLink® powered by TAPCO is an easy-to-use, cloud-based software that agencies use to remotely manage and monitor Intelligent Warning Systems. BlinkLink® collects real-time data and sends voice, email and SMS notifications to predetermined recipients.

PARKING

- Parking and Revenue Systems
- License Plate Recognition Technology
- Vehicle Counting and Data Collection
- Gate Operators and Arms
