

Snaplock[®] Quick Release Clamp

Quick release style worm drive clamps are good for closed system applications where the clamp must be disengaged to be applied. The swivel action locking of screw to band makes both installation and removal fast and easy.

- Use with sign brackets to secure two traffic signs to large round or square posts (4" to 12" diameter)
- Requires a screwdriver or wrench to install
- Sold individually (two straps needed to mount a standard traffic sign)
