

Portable Pole 2 Sign Holder

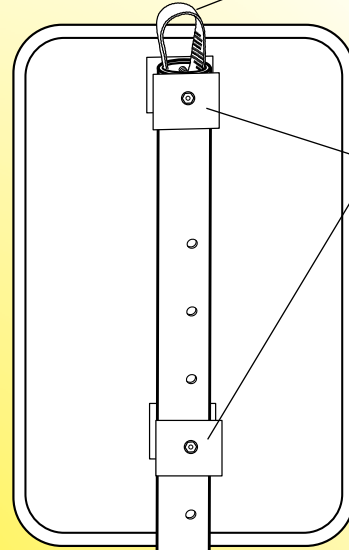

Discover the Next Generation portable pole sign for traffic, safety, parking signs and more. Compact rolling base is perfect for every location – inside or out. Just Grip, Tip and Roll! No more lifting or carrying!

Portable Pole 2 Sign Holder

The **Portable Pole 2** sign base represents the Next Generation in portable sign holders thanks to its compact base, large recessed wheels, pre-drilled pole with lock and high wind resistance, plus sleek look. Accommodates stock and custom signs from 9" x 12" to 24" x 24" and 12" x 36", plus shape-cut signs, single or double sided. Can be used indoors or out and the compact 18" diameter x 12" high, rust and ding proof Technopolymer base can be filled with water or sand for stability in winds up to 30-40 mph. Each sign includes an EZ Grip loop handle and exclusive Stability Mounting Plates keep the sign face from twisting on the pole.

Nylon Loop Handle makes moving the sign easy.

Exclusive Stability Plates keep sign from twisting on pole.

Fast assembly - less than 60 seconds.

Black 2" diameter HDPE pole won't crack in the cold. Pre-drilled holes for signs from 9" x 12" to 24" x 24" and 12" x 36".

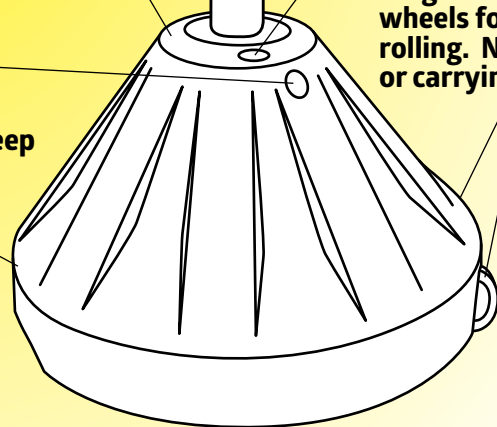

Recycled Technopolymer base never rusts and always looks good.

2 Ballast Ports accept sand or water for stability. Can withstand freezing.

Large 3" recessed wheels for easy rolling. No lifting or carrying.

Security Bolt

3 Molded-in feet keep sign from rocking.
