

LEGENDVIZ[®] BLINKERSIGN[®]

Shown to increase sign legibility distance by as much as 100 percent compared to standard traffic signs*, LegendViz[®] BlinkerSigns feature highly visible, LED-illuminated legends for improved visibility at night.

- Enhanced sign legibility without retroreflectivity or headlights
- Designed for quick and easy installation
- Perimeter LEDs automatically dim based on ambient light, maintaining optimal LED output
- Legend illuminated from dusk to dawn
- 7+ days of solar autonomy **
- Solar or AC power options for flexible configuration
- MUTCD compliant
- Made in the USA

*According to the results of a closed-course driver trial and statistical analysis conducted by the Texas A&M Transportation Institute (TTI)

** Autonomy depends on installation specifications.
